What is LeaderBoard?

LeaderBoard is a programme which includes two days at National Centre, Inverclyde in Largs, one day at Emirates Arena in Glasgow, networking events and home learning. The programme aims to increase ethnic diversity at board level in the sports sector. It empowers ethnically diverse people to have their voice heard & influence at board room level.

LeaderBoard was founded in 2018 in England and has empowered nearly 100 individuals. We launched in Scotland last year with individuals from a range of organisations, including:

- Cricket Scotland
- Bowls Scotland
- British Gymnastics

=SELeaderBoard= Candidate Testimonials

"Engaging sessions with thought leaders, lived experience, openness and honesty, next steps and further support. I feel really lucky to have been part of the FIRST cohort of LeaderBoard in Scotland, and I hope it continues for years to come – we have a lot of work to do!"

Roz Asli

"LeaderBoard has significantly boosted my confidence in seeking out a new role in sports governance. The comprehensive training, coupled with practical insights and networking opportunities, has made me feel more prepared and empowered to take on such roles.

Interacting with like-minded individuals who share a commitment to inclusivity was both inspiring and motivating. These connections have broadened my perspective and reinforced the belief that collective efforts can drive substantial change."

Isaac Akhadelor

=SELeaderBoard=

sportscotland and Sporting Equals have worked together on equity issues in sport for the last two years. We are delighted to be partners on the LeaderBoard Academy, which combines academic learning with policy expertise and practical guidance in a way no other programme does. The LeaderBoard Academy has been proven to work for those who register for it by bolstering confidence and opening up pathways. We believe that, in a modest way, we are helping to diversify the face of Scottish sports leadership and administration.
